The EdRising Membership Portal is your go-to guide to all of the national network activities. Click on the options below to learn more.
Setting Up Your Chapter
Setting up your chapter is quick and easy!

To establish your chapter, you and your students simply need to join the network through the EdRising Membership Portal (members.pdkintl.org/membership-selection). Get started now with these easy steps:

1. **Create your profile in the EdRising Membership Portal** and join as a Teacher Leader through the Educators Rising Middle and High School option. On the Your Organization Information screen, select the name of your school from the list to affiliate your chapter as an official Educators Rising program. As soon as we approve you as a teacher leader, you can have your students and additional Teacher Leaders join.

2. **Get your students to sign up as well!** Your students also register by creating an account in the EdRising Membership Portal and joining as an Educators Rising student member; they’ll need valid email addresses to do so. When they sign up, they’ll be asked to select their organization (this will be the same school you selected when joining), which will connect them to your school’s chapter. If you have returning students, they simply need to update their existing profiles and click to renew their membership at the beginning of each school year to stay connected to your chapter.

3. **Sign up additional Teacher Leaders.** You can add Teacher Leaders to your school by having them create a profile and join as a Teacher Leader as you did in the EdRising Membership Portal. Once the Educators Rising national office approves them, they will also have access to the Teacher Leader Resources section.
